Engage your child’s senses while exploring food through play!

Perfect way to develop a healthy and happy attitude towards food for the picky eater!

- Play and learn with credentialed early childhood educators and occupational therapists!
- Classes are one hour per week
- Age appropriate activities for children of ALL abilities
- Parent participation required—dads, caregivers, grandparents welcome

Our specialized team promotes:

- Sensory exploration of foods through taste, touch and smell
- Discover a variety of food textures through play
- Tips to help your picky eater at home
- Hands-on food preparation activities
