Children’s Therapy Services

We offer one-on-one individual sessions with licensed therapists to help children establish a strong foundation for future learning!

**Speech-Language Therapy**
- Learn to put thoughts into words and sentences
- Learn to arrange sounds
- Practice listening skills and learn to follow directions
- Use language to interact with others
- Communicate with the help of signs, pictures, and specialized devices

**Occupational Therapy**
- Develop fine motor skills
- Increase ability to balance, run, jump, and play using the whole body
- Improve hand-eye coordination
- Improve tolerance for kids with an increased or decreased sensitivity to noise, touch, sounds and smells
- Learn behavior coping skills
- Learn self-care skills

**Physical Therapy**
- Improve gross motor skills such as crawling, climbing, jumping, running, swinging, and playing ball
- Improve posture, balance and coordination
- Build strength and range of motion
- Learn safety awareness when moving around play equipment and peers
