About Gatepath
Gatepath provides a wide range of programs designed to support and encourage a child’s development in a compassionate, inclusive, and fun environment that treats each child as a unique individual. Our team of dedicated specialists and educators are specially trained to nurture all aspects of children’s motor, cognitive, communication, social, and emotional development.

About AbilityPath
AbilityPath.org is an online hub and community for parents of children with special needs and professionals to learn, connect, and live a more balanced life --- through all phases of a child’s growth and development. Visit us at AbilityPath.org

Our Philosophy
All children deserve the chance to grow and develop to the fullest extent possible.

We believe parents are the most important influence in their child’s life and that involving parents in a child's program is meaningful and rewarding for the entire family.

Our team approach helps children and families overcome obstacles together.

85% of a child’s brain develops in the first 5 years
Children’s Therapy:
Ages 0 to 15 years
Therapeutic and child development services for infants, children and youth with developmental, communication, social, emotional, and physical differences. One-on-one individual sessions with licensed therapists help children establish a strong foundation for future learning, giving them the ability to reach their full potential.

- Speech-Language Therapy
- Occupational Therapy
- Physical Therapy

Little Explorers Class
Ages 0 to 3 years
Expand your child’s world through imaginative and facilitated play. Our inclusive programs are perfect for children of all abilities.

Fun with Food Class
Ages 1 to 5 years
Engage your child’s senses while exploring food through play. Perfect way to develop a healthy and happy attitude towards food for the picky eater!

School Readiness Class
Ages 3 to 5 years
Interactive and engaging one-on-one sessions lay the foundation for lifelong learning

Handwriting Without Tears Class
Ages 3 to 10 years
Children learn to compose legible and fluent handwriting as an automatic and natural skill.

Early Intervention:
Ages 0 to 3 years
Our Early Intervention services focus on working with the parents and primary caregivers. Play based individual sessions and Infant/Toddler Development Classes address all areas of development and are tailored for each child.

Helping Children of ALL Abilities Reach Their Full Potential

Free Online Developmental Screenings
It’s recommended that every child have a developmental screening before the age of five. Visit ScreenMyChild.org to complete the confidential “Watch Me Grow” questionnaire. For San Mateo Residents only.

The Betty Ivey Lange Technology Library
Offers communication tools, assistive technology and equipment with apps for children with special needs who have communication disorders.
